Comments and suggestions :- Please include if the talk met your expectations. How do you think can these workshops be improved further?	1	Case studies could be included; case study for NUNS test, time management could be better
	2	yes, it met my expectations. It gives me basic working in patent field. I think 7 days are not enough, sometimes we run short of time, so you can increase the no. of days
	3	Musch better than expected. Glad to hear and learn from experienced in the field.
	4	Except some law or legal based expect that rest everything is fine for understanding and clear.
	5	It was a beautiful introduction to IPR " IPR for Dummies"
	6	The course was up to the mark. I became more aware about overall patenting system
	7	Event was totally great in terms of content and clarification of topic. I think it is very imp. For me as a researcher. Thank you
	8	This form is designed complicatedly

	9	Good, I have learnt so many things from this subject
	10	It was a very broad area for learning, so may be some more time extension would have been beneficial
	11	please provide documents during class for ready ref.
	12	Event is really informative, but problems is that it come only in one time (yearly), can it possible to conduct online (e-programme)?
	13	More elaboration on the legalities part would be better
	14	Include trademark in the topic
	15	the workshop was good to help ud to know or get more familiar with patents
	16	Helpful I terms of information regarding oatent drafting, communication, writing etc. I think the lectures can be more elaborative
