Section 4					
	Better Slides, Living examples; An inventor share his/her experience -face to face with Inventor				
	Well managed, explained all aspects of In-house patent cell, Invebtion disclosures meeting was good; Course content may be given in raw CD to all participants.				

Comments and suggestions :- Please include if the talk met your expectations. How do you think can these workshops be improved further?	Course content (no of lectures) can be reduced to manage time. Some lectures were covered in very short time; Excellent well oraganized workshop. The workshop content is very useful.
	Content is very good and informative. At times it was too fast for managed time.
	Include detailed sessions on IP Laws, so that scientists and researchers could get the info on lay and don't solely rely on attorney's
	More examples to be included on medical and dental patents in India and abroad.
	Pre workshop reading material (includeing glossary of inp terms/definitions) can be sent to participants
	Please include case studies(3)
	Such an initiative id not being taken by many orgs. Please do it continually to fill this existing gap.
	Keep it for 3 days, so that participants have time to discuss at lenghts
	Hands on can be included
	Start with a formal introduction of IPR and law related
	More interactive sessions; case studies; external faculty no can be more
	Overhead projection not visible properly from rear especially those with small fonts
	The workshop fulfilled my expectations. It can be tailor made for certain faculty eg: medical fcaulty or health sciences. The workshop was very well conducted with sufficient independence given to participants on asking questions/queries. Also having faculties from different backgrounds is highly appreciated as they could speak in depth on the aspects. Thanks and All the best for all future endeavours
	Time factor; Include more entrepreneurs, more focus on lifesciences
	Discuss current issues regarding IP, new clauses
	Case sensitive groups; More panel discussions
	It catered to the large audience. It was perfect. I don't think any changes required
	Slides/fonts can be made better considering visibility. Few fonts were difficult to read (2)
	The same workshop can be extended with atleast a day hands on training session on Patent search,;Landscaping and
	Please suggest a topic on which you wish to have a workshop on ?
Training on Patent Search and detailed workshop on drafting patent/how to frame a claim and patentability assessment (3)	
Strategies to promote medical or dental patents; patent factors for medical field	
Functioning of TTO's, funding opportunities and roles in public funded institutions
