It was the best workshop attended. It gave me maximum knowledge about IP. I got everything about the patent agent exam. Overall, it was best workshop
Very helpful for the new student of IP. Nicely done and well presented crash course of paper
Please arrange such workshops again in future for those who are new to IP or who have little bit of knowledge about IP
Keep us updated about workshops at Venture Center
Good session. All the doubt were cleared. Sessions were interactive
More practice in solving problem questions
It was very good planned and worthy. It made me completely forget the fear of study of a law book. It was useful for overall knowledge for patent agent exam.
Please make a google classroom, it will help in this age of digital India
Those who are registered, check their background according to that explain.
This is an excellent workshop and I would like to suggest to conduct such workshops again so that more participants will be familiar with IP sector
The time should be in the morning and breaks should be there
