Quality of food and refreshments	5.9(3,7)21	No reply	2
Comments and suggestions :- Please include if the talk met your expectations. Please suggest a topic you wish to have a workshop on?			
1	It was good hands on workshop. I learnt a lot		
2	Overall met my expectations		
3	Should increase the hands on training and also run the same workshop with more depth.		
4	Topics - Complete process of filing patent and getting the same(3); Patent filing; Patentability assessment at a researchers level; Patent Drafting; Indepth study of IP and Idea to market; FTO Analysis, Lanscape, Patentability search reports, How to use commercial databases; Legal issues and infrignement problems;		
5	Very Informative. Could extend for 2-3 days as some more time were needed.		
6	Talk was quite informative. As a beginner it was nice to learn. Quality of explanation was applaudable. Hope to attend more of them.		
7	A single day is not enough for such a valuable topic. No. of days should be increased.		
8	This is my 3rd session/workshop at VC and this is where I learned most in one day.
