Comments and suggestions :- Please include if the talk met your expectations.	1	Meetings should be frequent. A good learning experience.(3)
	2	More inventors could be called with mass communication.(2)
	3	Shoul be more interactive.(1)
	4	Program found very interesting & helped to file the patent & found encouraging for innovating ideas & bringing into reality.
	5	The talk of this event did satisfy my expectations. If shown practically (as a workshop) will be appreciated.
	6	More of procedures & laws related to IP should be explained.
	7	Some initiative should be taken to make inventors aware of what is novelty and what is non-obviousness
	8	Please keep this activity on monthly basis, we can make it still viable & workable
	9	After completion of each presentation, name & phone no. Should be provided so marketing & awareness of product be done fast.
	10	Very essential work has been done

	11	Nice program to inspire new inventors
	12	Time to be extended as interaction will be none
	13	This is good program by which the inventors get good help. Experts talk really helps the inventors.
	14	Presentations from the inventors were very good, but if experienced professional would have added some more comments with respect to the invention, that would have been really great.
	15	Please try to conduct these sessions in colleges as well.
	16	Talk needs to be more specific and short.
	17	Very good programme(5)
	18	Talk gave more idea about funding quantum & requirements & content of proposal.
	19	Experties are required in the field of Electronics,Mechanical,Chemical etc.
How do you think can these workshops be improved further?	1	Should be conducted atleast a day workshop(2)
	2	More number of meetings & interactions
	3	Could give the agenda in advance
	4	Conducting more no. of programs for innovators
	5	Increase it to happen more ofenly (4times/year)
	6	If it displayed how actually to take the scientific research forward it would be appretiated
	7	Have more frequent workshops
	8	More control of the program
	9	It will help & inspire
	10	More inventors if selected for the presentation will be very interesting
	11	BY making it more interactive session
	12	More clarity on funding process is required.
