Comments and suggestions :- Please include if the talk met your expectations. Please	1	Good session. Duration should be 2 days to understand all things properly
	2	It was good session but content was too much hence little fast(2)
	3	Very nicely explained, but I would like to attend some more sessions where I can use this
	4	Topics - Patent landscaping and portfolio analysis, search through FPO(Free patent online), patent topics related to Biotechnology(2), Patent Drafting(2), How to patent . Introduction to Patent Lawtrademark and licence technology, Reading and understanding patents, Understanding patent claims, Patent Filing, Introduction to patent law(2), Patent registration and search in India, Commercialization and Entrepreneurship - market potential, FTO importance with some cas studies.

suggest a topic you wish to have a workshop on?	5	It ws up to my expectations
	6	Separate programs for life sciences related IPR, Patents, Publication
	7	Searching prior art became very useful but content was very huge, more than tme alloted.
	8	All was very good and helpful. Keep doing such in long duration so then one can get more info.
	9	Please do combination of workshops
	10	Overall training and event were good. More searching training required. The talk met my 70% expectation.
	11	It was a good workshop- learnt many things about patent
	12	Valuable session. Trainer needs to speak slowly (2)
