Three day workshop on Advanced Patent Drafting (26-28 Sept. 2013)			
Evaluation Results			
Category	**Avg(Min-Max)Count**	**Would you like to hear about similar events in the future?**	
Section - 1		Yes	31
Relevance of Content	5.50(2,7)30	No	0
Depth of content	5.60(2,7)30		
Instructor explains clearly, encourages and answers questions		**How did you come to know about this event?**	
Srividya Ravi	6.25(1,7)31	Newspaper	3
Bina Dandekar	5.96(3,7)31	VC mailing list	12
Nitin Tewari	6.30(4,7)30	IPFACE mailing list	7
Nilesh Pandit	5.93(3,7)31		
Quality of handouts	5.53(1,7)30	Word of mouth	5
Quality of Venue (facility)	6.03(3,7)27	Others	2
Pace(time management)	5.76(3,7)30	No reply	2
Section - 2			
Quality of pre-event (registartions, queries)	6.10(4,7)30		
Quality of staff responsiveness	6.33(4,7)30		
Overall satisfaction with event organization	6.06(2,7)30		
Section - 3			
Quality of facilities (Venue,etc.)	6.35(3,7)31		
Quality of food and refreshments	6.13(4,7)30		

Comments and suggestions :- Please include if the talk met your expectations.		
	1	Overall good. Need more elaborative.
	2	More approachable, interactive and question friendly outcome needed.
	3	Please include more examples/case studies/group exercises for mechanical industry related patents
	4	This was an excellent workshop. Domain specific workshops will help (mech., electrical etc)
	5	Nice workshop. Those who want to master in this field must be contacted in their academic stage itself eg: for college students + it can be made through specific field like Engg., med., Bio-tech, Sci. etc. There is a need to include many students as much as possible to extract the knowledge
	6	At some time , it felt that the seminar is not about patent drafting, it is diverted to IP awareness.
	7	For drafting claims for participants(training absent) very difficult
	8	A full patent exam course would be helpful
	9	Please inform participants to come prepared with basics of IPR patents when attending advanced workshops. It should not be basic doubt cleaning session

	10	A basic couse for UG students will be enlightening and encouraging.
	11	Organize workshop on Patent Agent exam.
	12	Workshop should have been more focused on patent drafting rather than basics of IP, could been more practical sessions
	13	Leart something new. Purpose met, Thank you !!!
	14	Distribution of ppts would help us
	15	Relevant and detailed course content effectively delivered. Expectations exceeded.
	16	Please provide more no. of hours on it in prescribed days
	17	Hold workshop on Stragegy by V. Premnath
	18	Send out pre-reading 1 day advance
	19	Event was excellent, very useful for new as well as learners in IP field, Event attend like stepping stone for me
	20	More focus on claim drafting and less on other things
	21	Good experience
	22	Having examples from other fields of science would help to understand. It was not easy to connect to chemistry related patents
	23	Is there patent relating to software /case study
	24	Patent drafting on Indian Patent is sufficient and other related info may be we can include more US patenting as well.
	25	More emphasis on practical aspect
How do you think can these workshops be improved further?	1	Answer only relevant questions
	2	Hard copies of ppt before workshop
	3	Long duration course + content
	4	Provide the workshop material online on the same day (on day of topic) for future reference. Please make a member group who attended workshop.
	5	Include some trainer from engineering background field
	6	More hands on - smaller group
	7	Conducting reduce the cost of expenses for the workshop
	8	Do domain specific workshops
	9	By introducing more generic examples and topic with prior basic introduction about patents
	10	Information technology related patents need to be discussed. Maintain sharp focus on the mail intent of the worlshop-Patent drafting
	11	Generic patent (not only chemical/ biotechnology)
	12	Software and hardware related disclosures may be encorporated
