<b>Section 3: Comments and Suggestions</b>			
It's very good to be here and its best			
More case studies			
Please add some tutorial case studies to candidates so that hands on training of drafting will help to understand better			
Printed course material and on campus accommodation			
Might have done with regular intervals, continuously is exhausting.			
Payment option/link should be given with application form.			
By not giving exams			
Please stick to timings. Otherwise I am quite satisfied.			
For an beginner level this is a great course. Excellent mix of courses			
Organize how to write patents. How to quickly search relevant materials?			
Can be extended for one more day involving hands on.			
It can be improved by arranging lectures on more different topics regarding patents and it's safety.			
<b>Suggest a topic on which you wish to have a workshop on ?</b>			
Some case studies of filed and quirredd mechanical related patents.			
Workshop on Research proposals and craftsmanship in India			
Start-up.			
Mechanical related patent drafting			
Patent writing and searching materials			
Patent search across various countries. TRIPS provision can be included			
On the protection of precious inventions and their safety from opponents.
